FOR IMMEDIATE RELEASE

REQUEST FOR INTEREST – BROADBAND INFRASTRUCTURE

Haywood County, in cooperation with the Junaluska Sanitary District, will be installing sewer infrastructure along Highway 209 (see map) from the approximate coordinates (35.584, -82.946 to 35.542, -82.957) during a period beginning on or around late 2016 or early 2017. We recognize this creates an opportunity for broadband infrastructure placement during construction in an effort to reduce the deployment costs for providers. Haywood County requests providers indicate their potential interest no later than Friday, September 30, 2016 by replying to this email. Any general questions can be referred to Dona J. Stewart, Haywood County Administrator/Program Evaluator via email at djstewart@haywoodnc.net. Technical questions may be referred to Keith Conover, Broadband Infrastructure Office, North Carolina Information Technology (828) 450-7933, keith.conover@nc.gov. This is a nonbinding process to assess interest no commitment on the part of either Haywood County or Junaluska Sanitary District is stated or implied.
