

Ira Dove  
County Manager  
215 N. Main Street  
Waynesville, NC 28786

Dear Mr. Dove and County Commissioners:

The Commission For a Clean County (CCC) Board would like to request funding help from the County for fiscal year 2017. We would be grateful if you could help us with support of \$1,000.00.

As you probably already know, the *Commission for a Clean County (CCC)* does hands-on clean-ups of streets in all the towns plus one or two roads in the county. We try to be an example to county residents about the financial, health and aesthetic benefits of a clean county. Currently, our main projects include:

- **COMMUNITY PRIDE**, the annual luncheon Awards program where we provide fine awards to honor those who practice good environmental stewardship.
- \* **RECYCLE YOUR ART OUT**, a “litter sculpture” contest for the high schools and middle schools, with life-size sculptures crafted by students, using only recyclables and litter. These sculptures currently are on view in the Waynesville and Canton libraries.
- **HANDS-ON LITTER PICKUPS**

We would be grateful if you would consider our funding request. We hope you will let us know if our request for this amount, or any other amount, can be granted.

Very Sincerely,

JoAnna Swanson, CCC Secretary
